You did in fact receive books you paid for and I have the receipts and proof. Happy to send another. I have other items being mailed to you this week and they most definitely will have tracking. Lastly I spoke with my accountants and CPA this morning and we have some things being sent out this week, as well, -also with tracking.

Susan,

I paid for books through Nicole's website and have not received anything from you.

It's been almost 3 years and nothing!!! You are liar. You said I would receive the books and the other book since you didn't send these out. You are a liar!!!!

I'm starting to report you to FTC.

Give us our money, our books, and our rights.
