**Re: Notice of Rights Reversion Pursuant to Paragraph 16 of the January 2022
Publishing Agreement**

Dear Ms. Sember,

This letter serves as formal written notice that I elect to sever the publishing relationship and request reversion of rights pursuant to Paragraph 16 of the January 2022 Publishing Agreement for A Queen Saves Herself.

This notice is provided pursuant to the contractual notice provisions contained in Paragraph 16 of the January 2022 Publishing Agreement. It is intended to satisfy any contractual notice requirements relating to my election to terminate the publishing relationship and proceed with the contractual reversion of rights.

For several months, we have attempted in good faith to resolve this matter through correspondence, proposed agreements, and continued discussions regarding rights reversion. Despite those efforts, the publishing relationship has reached a point where I

believe it is in the best interests of all parties to conclude our relationship and proceed with a complete and orderly separation.

Accordingly, I formally request that all rights to A Queen Saves Herself be reverted in accordance with the applicable provisions of the January 2022 Publishing Agreement.

I further request that any documents necessary to effectuate the reversion be provided promptly so that both parties may complete the transition in an efficient and professional manner.

As discussed in our prior correspondence, I also request that all materials and records that are properly transferable under the agreement and applicable law be delivered as part of the transition process.

This notice supplements, and does not replace, the extensive correspondence previously exchanged regarding rights reversion and related matters.

Nothing contained in this letter shall be construed as a waiver of any rights, remedies, or claims available to me, all of which are expressly reserved.

Please provide written confirmation of your receipt of this notice together with your anticipated timeline for completing the contractual rights reversion process.

I remain hopeful that we can complete this process professionally and bring this matter to a final conclusion.

Sincerely,

Nicole B. Gebhardt
